Planning Schedule

APPLICATIONS, RECOMMENDATIONS, DECISIONS and INFORMATION

Date **16 May 2018**

Week Number **19**

The Planning Schedule Recommendations contained in the following Planning Schedule will become formal decision of the Planning Authority at 0900hrs on **Thursday, 24 May 2018** unless the Planning & Building Standards Service Manager receives from a Councillor a written objection to the recommendation outlining relevant planning reasons and requesting that the application is referred to the Planning Panel for determination. The deadline for the Planning & Building Standards Service Manager to receive such written objections from Councillors to this week's Planning Schedule Recommendations is therefore 1700hrs on **Wednesday, 23 May 2018**.

The Planning Schedule

The Planning Schedule

The Planning Schedule is issued every week and contains information on a range of planning matters.

The Schedule is distributed to all Councillors, Community Councils and statutory consultees. It is available on the Council's internet site – www.stirling.gov.uk. Information on all planning applications submitted to the Council may also be obtained from www.stirling.gov.uk/onlineplanning.

Applications Received

When a Valid Planning Application is registered it is given a unique reference number. If you are enquiring about any of the applications please contact the Officer shown in the Schedule and refer to the application reference number.

The list of applications received includes an indication of the anticipated decision making level which is governed by the Hierarchy of Developments and the Council's Scheme of Delegation. An explanation of the Council's new Section 43A Council report is available at www.stirling.gov.uk/planning.

The decision making levels are:

Panel – the application will be determined by the Planning Panel having considered the Planning Officer's recommendation and any other relevant representations. See Hearing Interested Parties.

Schedule – the Planning Officer's recommendation on the application will appear in the Schedule under Planning Schedule – Recommendations – see below.

Delegated – the application will be determined by an Appointed Officer and his decision will appear in the Schedule under Decisions of Appointed Officers – see below.

Decision of Appointed Officers

Generally applications for developments which are classified as "local developments" under the Hierarchy of Developments will be determined by an Appointed Officer under the Council's Section 43A Scheme of Delegation. There are certain exceptions - see Scheme of Delegation below.

The decisions appear in the Schedule as a matter of record only.

The applicant has a right of review of the Appointed Officer's decision. The Council's Local Review Body will consider any such review. Please refer to Planning Circular 7/2009 Schemes of Delegation and Local Reviews for more information and also at www.scotland.gov.uk.

Planning Schedule – Recommendations

This part of the Schedule contains the Planning Officer's recommendation on an application. At the end of the seven day period the recommendation will become the decision of the Planning Authority unless the Planning & Building Standards Service Manager receives from a Councillor a written objection to the recommendation outlining relevant planning reasons and requesting that the application is referred to the Planning Panel for determination. Such requests must reach the Planning & Building Standards Service Manager before the deadline shown on the front page of this Planning Schedule.

At the end of the seven day period formal Decision Notices will be issued for the recommendations which are not referred to Planning Panel.

Hearing Interested Parties at Planning Panel: The Planning Panel may decide if objectors and applicants will be invited to address the Panel on a particular application. Generally this will occur only where it is felt that this will further inform the Panel in its consideration of a Planning Application and will only be used when considering more complex and contentious issues. Contributions will generally be limited to 5 minutes from each side.

Community Councils: Any Community Council will be consulted on an application if a written request is made (telephone the Case Officer in first instance). Community Councils are expected to act within the provisions on PAN47, and concern themselves only with cases that raise issues of genuine community interest. Householder applications will rarely involve issues of this kind.

Planning Panel Recommendations

This section contains Planning Officers' recommendations for applications which are scheduled for consideration at the Planning Panel meeting as stated.

Planning Panel Decisions

This section contains the decisions of the Planning Panel.

Hierarchy of Developments

The Town and Country Planning (Hierarchy of Developments) (Scotland) Regulations 2009 created a classification for all developments across Scotland. The three categories in the hierarchy of development to which all developments will be allocated are:-

- National development;
- Major developments; and
- Local development.

The top tier of developments is national developments and these are contained in the National Planning Framework for Scotland published by the Scottish Ministers in June 2009. The National Planning Framework may be viewed at www.scotland.gov.uk.

Below national developments are major and local developments. Whether a development is a major or local development is determined by whether the development falls above or below certain thresholds. There are 9 thresholds. Where a development meets or exceeds the following thresholds the development will be classed as a major development. Any development below the thresholds will be local developments. The thresholds are:

- 1 All development under Schedule 1 to the Environmental Impact Assessment (Scotland) Regulations 1999.
- 2 Housing where the development comprises 50 or more dwellings or the area of the site is or exceeds 2 hectares.
- 3 Business of general industrial, storage and distribution with a gross floor space of 10,000 square metres or the area of the site is or exceeds 2 hectares.
- 4 Electricity Generation where the generating capacity is or exceeds 20 megawatts.
- 5 Waste Management Facilities where the capacity of the facility is or exceeds 25,000 tonnes per annum or for sludge treatment facilities where the capacity to treat more than 50 tonnes (wet weight) per day of residual sludge.
- 6 Transport and infrastructure projects where the length of road, railway, tramway, waterway, aqueduct or pipeline exceeds 8 kilometres.
- 7 Fish farming where the surface area of water covered is or exceeds 2 hectares.
- 8 Mineral extraction where the site area is or exceeds 2 hectares.
- 9 Other Development not falling wholly within one of the above classes where the gross floor space is or exceeds 5,000 square metres or the area of the site is or exceeds 2 hectares.

Scheme of Delegation

In the case of Major Developments and subject to the right of Councillors to request (for relevant planning reasons) that the application be referred to the Planning Panel for determination, the recommendation of the Planning Officer shall appear in the Planning Schedule and such recommendation will become the decision of the Planning Authority unless the application is referred to the Planning Panel.

Generally, Local Developments will be determined by an Appointed Officer in terms of Section 43A of the Town and Country Planning (Scotland) Act 1997 and the Council's Section 43A Scheme of Delegation which is published below. There are seven exceptions listed (a) to (g) below where Local Developments will either be determined by the Planning Panel or appear as a Planning Schedule Recommendation.

Planning - Section 43A Scheme of Delegation

The following is an excerpt from the Council's Scheme of Delegation:

This part of the Scheme of Delegation is operated under Section 43A of the Town and Country Planning (Scotland) Act 1997 and Part 2 of the Town and Country Planning (Schemes of Delegation and Local Review Procedure) (Scotland) Regulations 2008.

The Appointed Officer, being the Officer appointed under Section 43A(1) of the Town and Country Planning (Scotland) Act 1997 and EPR52, is authorised to determine any application for planning permission (and any application for consent, agreement or approval required by condition imposed on a grant of planning permission) and being applications which fall within the definition of a local development as specified in the Town and Country Planning (Hierarchy of Developments) (Scotland) Regulations 2009 under the following exceptions:-

(a) Planning Authority Applications

The application (a) is made by the Planning Authority or a Member of the Planning Authority, or by members of staff directly involved in the planning process or (b) relates to land in the ownership of the Planning Authority or to land in which the Planning Authority have a financial interest. Any application falling within this exception shall be determined through the Weekly Planning Schedule under EPR67.

(b) Section 43A(6) Remit to Planning Panel

Prior to either (a) the determination of the application by the Appointed Officer or (b) the request by the Applicant for a review on the grounds of non-determination under Section 43A(8)(c) of the Town and Country Planning (Scotland) Act 1997, the Planning Panel or the Planning & Building Standards Service Manager or any Officer authorised by him (including the Appointed Officer) decide that the application should be remitted to the Planning Panel for determination under Section 43A(6) of the Town and Country Planning (Scotland) Act 1997.

(c) Member Remit to Planning Panel

Prior to either (a) the determination of the application by the Appointed Officer or (b) the request by the Applicant for a review on the grounds of non-determination under Section 43A(8)(c) of the Town and Country Planning (Scotland) Act 1997, the Planning & Building Standards Service Manager receives from a Member a written request setting out relevant planning reasons for referral of the application to the Planning Panel for determination and the Planning & Building Standards Service Manager, in consultation with the Chair and Vice Chair of the Planning Panel, agrees to the request.

(d) **Significant Local Objection**

Prior to either (a) the determination of the application by the Appointed Officer, or (b) the request by the Applicant for a review on the grounds of non-determination under Section 43A(8)(c) of the Town and Country Planning (Scotland) Act 1997, and in circumstances where the determination by Appointed Officer would likely to have been to approve the application, the Planning & Building Standards Service Manager receives significant local objections and is satisfied that the objections disclose relevant planning reasons. Any application falling within this exception shall be determined through the Weekly Planning Schedule under EPR67.

(e) **Contrary to local Development Plan**

The application is a significant departure from the Local Development Plan. Any application falling within this exception shall be determined through the Weekly Planning Schedule under EPR67.

(f) **Scottish Ministers**

The application requires to be notified to the Scottish Ministers. Any application falling within this exception shall be determined through the Weekly Planning Schedule under EPR67.

(g) **Listed Building Consent etc**

Any application which also requires any or all of the following: (i) Listed Buildings Consent, (ii) Conservation Areas Consent; (iii) Hazardous Substances Consent; and (iv) Control of Advertisements Consent. Any application falling within this exception shall be determined through the Weekly Planning Schedule under EPR67.

Only exceptions (a), (b), (f) and (g) shall apply to applications for a householder development falling within Classes 1 to 6 of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992 or a sundry minor operation falling within Classes 7, 8, or 9 of the Town and Country Planning (General Permitted Development) (Scotland) Order 1992.

Panel Decision: **Approve with Conditions**

Planning Panel Date: **1 May 2018**

Subject to the following Conditions;

- 1 **Comprehensive Contaminated Land Investigation:** Prior to commencement of any site works, a comprehensive contaminated land investigation shall be submitted to and approved by the Planning Authority in writing. The investigation shall be completed in accordance with a recognised code of practice such as British Standards Institution "The Investigation of Potentially Contaminated Sites - Code of Practice (BS 10175:2011)". The report must include a site specific risk assessment of all relevant pollutant linkages, as required in Scottish Executive Planning Advice Note 33.
- 2 **Detailed Remediation Strategy:** Where the risks assessment identifies any unacceptable risk or risks as defined under Part IIA of the Environmental Protection Act 1990, a detailed remediation strategy shall be submitted to the Planning Authority for approval. No works, other than investigative works, shall be carried out on the site prior to receipt of written approval of the remediation strategy by the Planning Authority.
- 3 **Remediation:** Remediation of the site shall be carried out in accordance with the approved remediation plan. Any amendments to the approved remediation plan shall not be implemented unless approved in writing by the Planning Authority.
- 4 **Confirmation Work Carried Out:** On completion of the remediation works and prior to the site being occupied, the developer shall submit a report to the Planning Authority confirming the works have been carried out in accordance with the remediation plan.
- 5 **Unsuspected or Unencountered Contamination:** The presence of any previously unsuspected or unencountered contamination that becomes evident during the development of the site shall be brought to the attention of the Planning Authority within one week. At this stage, a comprehensive contaminated land investigation shall be carried out if requested by the Planning Authority.

- 6 **Surface Water Outlet:** The new surface water outlet into the river adjacent to the site shall be installed 50 metres upstream of the existing location.
- 7 **Details of Materials:** Samples of the materials to be used for external walls and roof of the development granted planning permission shall be submitted to and approved in writing by the Planning Authority.
- 8 **New Planting:** No development shall take place until details of the new planting proposals including species have been submitted to the Planning Authority and approved in writing.
- 9 **Planting Before Occupation:** All planting on the approved planting plan shall be carried out before the site is used for the sale and rent of motorhomes and holiday use.
- 10 **Access, Car Park and all Hardstandings:** The access into the site, car parking and all hard standings shall be constructed and surfaced to allow water to permeate and discharge into the ground below; prior to the start of any work on site, details of the make-up and surface finish of the access into the site, car parking and all hard standings shall be submitted to the Planning Authority and approved in writing.
- 11 **Flood Resilient and Resistant Design:** The building shall incorporate materials to be flood resilient and resistant design within the construction.

Reasons:

- 1 To ensure potential risks arising from previous site uses have been fully assessed.
- 2 To ensure the proposed remediation plan is suitable.
- 3 To ensure the remedial works are carried out to the agreed protocol.
- 4 To provide verification the remediation has been carried out to the Authority's satisfaction.
- 5 In the interests of public health.
- 6 To protect the habitat of spawning lamprey and heritage interest of international importance in the River Teith Special Area of Conservation.
- 7 In order to achieve an acceptable form of external treatment for buildings in a semi-rural setting.
- 8 To assimilate the approved development into the landscape setting when viewed from the M9 motorway.
- 9 To assimilate the approved development into the landscape setting when viewed from the M9 motorway.
- 10 To ensure that adequate and timeous drainage arrangements are made for the discharge of surface water.
- 11 To preserve the building fabric in event of flooding from the adjacent River Forth.

Status Constraints:

Countryside Policy,
Floodland,

Supplementary Information:

At the planning and Regulation Panel on 1 May 2018, the Panel decided it was minded to approve the above application subject to a notification to Scottish Ministers under the Town and Country Planning (Notification of Applications) Scotland Direction 2009, and conditions. Authorisation is now sought for conditions which would be applied to any approval issued by Scottish Ministers.
